Comitato Scientifico Esecutivo
A. Maiorana, L. Muzii
Comitato Scientifico Locale
G. Di Pierro, L. Fasolino,
T. Orlando, M.L. Pisaturo

SCIENTIFIC RATIONALE

The meeting is organized with lively and engaging sessions on the most discussed issues in the field of mini-invasive gynecological surgery and medically assisted procreation. Among the main features of the congress, stands out the possibility of being able to learn practical notions in the "how to do" in the most frequent gynecological diseases deserving of minimally invasive treatment, in the diagnostic framework to the most appropriate surgical technique, in the management of the infertile couple, with particular attention to the intra and post-surgical preservation of fertility. Furthermore, the participants will be guaranteed the possibility of a dynamic and constructive exchange of information thanks to the participation of specialists of national and international importance.

SCIENTIFIC PROGRAM

THURSDAY 24th MAY 2018

13:00-14:00 Welcome desk opening and registration

14:00-15:00 Opening ceremony and welcome of the authorities

15:00-17:00 SESSION 1: HYSTEROSCOPY

- Possible applications of laser technology in Office hysteroscopy
- Operative Hysteroscopy: from the Operating Room to the Office. The Ongoing Strategies
- Endometrial Polyps in Post-Menopausal women: when and why we must remove
- Uterine Malformations: What is new about the classification? Setting the standard
- Subtle lesions and infertility
- Questions & answers

17:00 - 19:00 SESSION 2: FIBROIDS

- Who's eligible for medical treatment?
- Minimally Invasive Alternatives to surgical treatment: myth or truth?
- Laparoscopy myomectomy: is there still place for it?
- Safe morcellation techniques
- Preoperative imaging: what is this?
- Questions & answers

FRIDAY 25th MAY 2018

09:00-11:00 SESSION 1: ENDOMETRIOSIS/ADENOMYOSIS

- Overview on Endometriosis (Keynote lecture)
- Medical Treatment of Endometriosis
- Imaging and classification for the evaluation of adenomyosis
- Current management of Adenomyosis: Surgery or not?
- Is there an effect of adenomyosis on infertility and/or IVF outcome?
- Questions & answers

11:00-13:30 SESSION 2: ENDOMETRIOSIS AND INFERTILITY: THE EXPERTS CHALLENGE

- How should we treat an infertile patient with endometriosis I/II stage?
- How should we treat an infertile patient with endometriosis III/ IV stage?
- How should we treat an infertile patient with DIE?
- Can we predict the probability of spontaneous conception after a surgery for endometriosis in a infertile patient?

13:30-15:00 Light lunch

15:00-18:00 SESSION 3: REPRODUCTIVE MEDICINE

- The human recombinant FSH: is it a really new?
- The gestational menotropin: a new therapeutic option
- The biosimilar recombinant FSH: is it really similar?
- The "automated" embryologist: a new reality in the PMA lab
- The use of corifollitropin over the normo responder
- The recombinant LH in the follicular phase: when the use is on label or offlabel?

Sponsor's coffee break: The nutraceuticals: a new science supporting PMA

- Keynote Lecture Becoming parents: between artificial uterus and gene editing (Keynote lecture)

18:00-20:00 SESSION 4: REPRODUCTIVE SURGERY

- Uterine Congenital Anomalies: which have to be treated?
- Tubal factor of infertility: how should we treat?
- When and why we must operate an infertile patient with endometriosis scheduled for IVF?
- Endometrioma: How to minimize ovarian damage during laparoscopic surgery?
- Questions & answers

SATURDAY 26th MAY 2018

9:30-11:10 SESSION 1: ROBOTIC SURGERY AND EMERGING TECHNOLOGIES

- Do we really need a robot?
- Robotic Surgery vs Laparoscopic surgery for benign gyn procedures
- Robotic Surgery, malignancy and risk of TVP
- Robotic Surgery in DIE
- Questions & answers

11:10-13:30 SESSION 2: GUIDELINES BREAKING NEWS EVIDENCE BASED MEDICINE

- Fibroids
 - Endometriosis
 - Hysteroscopy
 - Reproductive Medicine
 - Questions & answers
-
- ECM
 - Closing remarks

INFORMAZIONI GENERALI

Segreteria scientifica

G. Di Piero, L. Fasolino, T. Orlando, M.L. Pisaturo

Iscrizione al Corso

La quota di iscrizione è di:

€ 300,00 + IVA 22% per i medici specialisti/biologi

€ 100,00 + IVA 22% per gli specializzandi

€ 100,00 + IVA 22% per le Ostetriche/Infermieri

La quota di iscrizione comprende: partecipazione ai lavori scientifici, kit congressuale, lunch, attestato di partecipazione e crediti formativi ECM se conseguiti. È possibile iscriversi compilando la scheda di iscrizione online sul sito:

www.emsgroup.it

Accreditamento ECM

Il Convegno è in fase di accreditamento presso gli organi competenti del Ministero della Salute per le seguenti figure professionali: Medico Chirurgo (Ginecologia ed Ostetricia); Biologo; Infermiere; Ostetrico/a.

Sede del Convegno

Hotel "PIANETAMARATEA" (Contrada Santa Caterina, 50 - 85046 Maratea)
